There are an additional 5 Acclaim Fresnel and 2 Source 4 Jr. profiles which are part of the theatre's Larkum Studio stock. If you would like to use these lanterns please speak to the Technical or Production Manager, as they may be in use for a performance taking place in the Larkum Studio.

A few of the theatre's lanterns are owned by the European Theatre Group, who take them on tour each year in December - please check with the Technical Manager for more details if you're doing a show in December.
